September 2004 Volume 47 Issue 1

ASQ Section 1508 St. Petersburg/Tampa

**SEPTEMBER MEETING
Monday, September 13, 2004**

**SPEAKER: MR. JIM TRILLER
QUALITY MANAGER/CONSULTANT
“ISO 9001:2000 Compliance Without The Pain”**

To start our ASQ year, Mr. Jim Triller will be presenting a web-based, fully integrated Quality Management system that he has used to guide over twenty companies to successful ISO implementation. This easy to use approach in which he developed can be adapted by any organization, large or small, single site to multi-site, to comply with the ISO 9001 requirements.

Some of the features of this approach Jim will be demonstrating are:

A two-page “Quality Manual”

A Quality Policy consisting of 22 words

Eight, one-page procedures

Minimum verbiage, maximum use of graphics

On-line, searchable documents, and records.

Jim Triller is a Certified Quality Auditor, and a Certified Quality Manager. He holds a BA from Syracuse University, and an MBA from Western Washington University.

Carl G. Wilkerson-Sr. Mfg. QE
Past ASQ Programs Chairman

See you at the opening meeting!

A MESSAGE FROM YOUR CHAIR

Joy is not in things, it is in us.
Richard Wagner

Our summer board meeting was held on July 24, 2004 and resulted in several actions being taken and proposed.

The Section 1508 board approved policies on Reservations and No Show, Career Mentoring, and Contractor and Consultant Services Posting. These and any other policies will be posted on our ASQ Section 1508 web site.

In an effort to add value to our monthly meetings we will be offering a free dinner to anyone who provides a speaker referral who is actually booked. Another idea being discussed is having members provide a short (10-15 Minute) presentation on their company during the Pre-Dinner timeframe.

We had a minor hiccup in our Perfect Attendance awards in June but we will recognize those people in September. Free meal certificates have been E-Mailed to those who had perfect attendance for the 2003-2004 year. I would also note that the certificates are valid for anyone other than yourself (e.g. if your company pays for the meeting).

We are still looking for volunteers to help manage the section. We hold board meetings starting at 4:30PM on the days of our monthly meeting. If you are interested in volunteering for one of our committee positions you are invited to join us for our board meeting (check last month's newsletter at <http://weiquality.com/asq1508/index.shtml> for descriptions of board positions).

We are always looking for new ideas in all areas.

At the summer board meeting on July 24, we reviewed progress on our Section Management Plan and it was submitted to our Regional office. We also developed a new SMP for the 2004 / 2005 year.

I look forward to seeing all of you on September 13 and at all of next year's meetings.

Ed Pagnott
Section 1508 Chair for 2004 / 2005

ASQ Section 1508 St. Petersburg/Tampa

QARACC News

FDA QSR TRAINING

*An In-Depth 2-Day Seminar for:
Executives, Managers, Engineers, Quality and Regulatory Professionals, Auditors, Documentation Specialists, and Compliance Specialists*

Date: September 13th & 14th, 2004

Time: 8:00 AM to 4:30 PM

COURSE EXPECTATIONS

Manufacturers of medical devices are mandated to implement and comply with the FDA's Quality System Regulation (QSR) codified under 21 CFR Part 820. This two-day course will provide medical professionals with an in-depth knowledge and perspective of the FDA's QSR and enable personnel to implement an FDA-compliant quality management system. The course provides an in-depth review of the QSR subparts in easy to understand language. It is ideal for those individuals responsible for complying with the regulations as well as those individuals involved in the development, implementation and maintenance of the organizations quality management system.

Highlights

- ◆ CGMP/QSR History
- ◆ Benefits of Compliance
- ◆ Key Terms & Definitions
- ◆ Outline FDA's Quality System Inspection Technique (QSIT)
- ◆ In-Depth QSR Subpart Review
- ◆ General Auditor Questions
- ◆ Interactive Discussions & Exercises
- ◆ Practical Examples
- ◆ Tips for Compliance
- ◆ Participant Manual

Whether you are a new college graduate, a seasoned executive or career changer, your resume is a vital tool in opening doors of employment opportunity. If your resume isn't generating interviews for you, you might be using a less-than-effective resume format.

In today's electronic job market, the term resume format has two meanings:

The electronic version of your resume (.doc, .txt or PDF)

How the resume content is arranged on the page(s)

This article deals with the second meaning, how the textual content is arranged within the document of your resume.

Basically, there are three standard resume formats:

Chronological

Functional

Hybrid

Once you understand which format best supports your career objective, you'll know which format will be most effective for you.

The chronological is the best known format and is one of the easiest to write. It follows the reverse historical outline of your work experience.

Its strengths are:

Allows the reader to quickly identify the what, where, and when of your work experience

Shows effectively the progression of responsibilities through your chosen industry or profession

Its weaknesses are:

Does not promote the ability to move into a new industry or occupation

Hides early accomplishments at the end of your resume

Highlights employment instability

Highlights gaps in employment

~~~~~

Continued on next page.....

In response to the shortcomings of the chronological format, the functional resume format was developed.
