ASQ Section 1508 St. Petersburg - Tampa
Letter from the Chair

ASQ members had a great time at the May meeting. We learned a significant amount of information about Solar Power from Alan Brand. Solar Power continues to reduce the payback period and it is now less than 5 years. June will be another informative and topical meeting. Please come as this will be our last meeting before the summer hiatus. Please put the date in your calendar for the September meeting. It will be held September 11.

During your "summer vacation" from the monthly meetings, I am giving each and every member an assignment. Search your company or your personal life for one concern that has you have been living with for some time. Let's eliminate that concern. Use your tools to define the problem in terms that permit action. Include how you will measure that the concern has been reduced or eliminated. Set up a Kaizen event with others impacted by your concern. Submit your final results and progress to the membership during an upcoming monthly meeting. Please contact Daniel Castro to set your date. We all want to hear about your success.

Enjoy the summer and keep your tool box full!

Do You Get Our E-Mails?

This item is for those of you that obtain the newsletter from our web site, but do not receive regular e-mails from Section 1508. We have approximately 80 members listed in our Section for whom we do not have an e-mail address. The cause of this is when the member indicates at the *national* ASQ website that they do not want to receive e-mails. That member's e-mail address is then blinded and we cannot see it at the local section-level. If you are interested in receiving regular emails from us regarding upcoming events, and other news, please contact secretary@asqtampabay.org and provide your full name and preferred e-mail address.

We promise not to sell your e-mail address to any marketing lists!
