www.time2meet.com/asq1508/index.shtml

February 2009 Volume 50 Issue 06

**ASQ Section 1508 St. Petersburg/ Tampa
DINNER MEETING Monday, February 9, 2009**

**Speaker: A.J. Yilmaz, MBA, CPA, CMA, PMP, CBM
Executive Director, American College of Nutrition &
CEO, Target Action**

Topic: Essential Leadership Skills for Quality professionals

A.J. Yilmaz will provide fresh perspectives and insights into the process of leadership. She will reveal the common traits and codes of effective leaders and explain the rules relating to development of leadership skills. You will have the opportunity to take a self-assessment test to identify which competencies you need to develop as a leader. You may realize that some of the mindset and style of being a good leader is lying dormant within you. Each one of us, regardless of level or position, can become more personally proficient at leading. If you want to be a better leader by taking your leadership skills to the next level, or build more effective leadership in your organization this is a meeting you will not want to miss. AJ will also cover few important pointers on public speaking skills essential for quality professionals.

Mrs. Yilmaz is a financial professional, with over 15 years of managerial experience in manufacturing and service industries and 5 years in the not for profit sector. She is the Executive Director of the American College of Nutrition, and the founder and CEO of Target Action LLC. As a consultant, Mrs. Yilmaz has served clients that range from million dollar small companies to billion dollar large international corporations in terms of net assets, in both private and public sectors. She is currently an officer and board member of two not for profit organizations.

AJ is also a member and officer of the Palm Harbor Toastmasters Club and have given presentations on public speaking and other topics in the past.

**Pre-Dinner Speakers: Ted Nardin, President, Quality3 and Ray Quiñones, Vice President and Six Sigma Black Belt, Quality3 on
Quality Customer Service in the Call Center Environment**

Have you ever wondered what happens when you dial that 1-800 number? According to a report published in April 2005 in The McKinsey Quarterly, "More than \$300 billion is spent annually on call centers around the world." In this increasingly competitive market environment, that phone experience may be the deciding factor as to whether the caller decides to continue to do business with that company, or not. Why do some companies "get it right" and so many others destroy the customer experience? Ted and Ray will discuss some of the people, process and performance issues related to providing quality customer service and technical support in the call center environment.

See you all at the meeting.

Haroon Abbu, PMP, Master Black Belt – ASQ Section 1508 Programs Chair

Message from the Chair

Welcome to 2009!

I hope that you enjoyed our first meeting of the year where Bernie Saboe, a Performance Consultant for Raytheon Professional Services, enlightened us with the InnovationStation Experience, which can help guide our creative mind through its three stages: Be There, Set the Stage, and Tell the Story. This is one more tool that we can use to stimulate our creative thinking to become more innovative - YES, IT IS!

Our pre-dinner speaker, Bob Medeiros, a Master Examiner with the Florida Sterling Council, spoke about how companies are taking advantage of the Malcolm Baldrige and Sterling Award Criteria to become more competitive and create better workplaces and ultimately, better communities.

As you see, our Programs Chair, Haroon Abbu, continues to show his resourcefulness to attract excellent speakers to educate us and help us expand our quality horizons. In addition to being exposed to different topics every month, I hope that you are taking advantage of the excellent networking and educational opportunities offered by our section. As you read this newsletter, I will have personally taken the MiniTab courses offered by Dr. Lois Jordan, whom we are privileged to have as our Education Chair. Stay tuned as our section offers more courses in the near future.

In closing, I want to remind you that this is Our Section and all Board Members are volunteers. So, if you have an idea that could improve Our Section or if you would like to help in any way, please let one of the Board Members know.

With you on the Quality journey,

Victor

Victor Martins, CRE
Chair, ASQ St. Petersburg/Tampa, Section 1508

Effective March 1, 2009 there will be a \$10.00 charge to members who attend the meeting only (no dinner). Payment is due at the meeting and may be made by cash or check.

If a member is unable to attend, the cancellation policy will be the same as for those not having dinner. Cancellations must be made by noon of the Friday prior to the meeting. Further details and instructions for payment for missed reservations can be found at <http://time2meet.com/1508res/> as well as in the Reservations section of this Newsletter.

Excellence Awards

First Place wins \$129 in cash *plus* a \$100 Target gift card

Second Place wins Three Free ASQ Section 1508 Dinner Meetings

Third Place wins One Free Dinner Meeting and a Silver Business Card Case

To win:

Recruit the most ASQ members and attend the most meetings. You must attend at least one meeting between September 2008 and May 2009 to win. The winners will receive their awards at our last meeting of the ASQ year in June.

Recruits are tracked by ASQ Headquarters in the Each One Reach One referral program. Meeting attendance is tracked by our meeting attendance records.

As you can see in the tracking chart below, **Kay Mugavero** has recruited the most members, but has not yet attended a section meeting. **Kathleen Deer** has recruited 2 members and attended one meeting and is currently in the lead. **Heike Johnson** and **Haroon Abbu** would be in second and third place, however as ASQ Board Members, they are ineligible to win the award, which puts **Roy Roper** in second place. A tie for third place is between **Greg Fish** and **Phil Pawlowski**.

We're just about half way through the program, so there is still time to shake up the standings if you get out there and recruit – and attend some ASQ section 1508 meetings. Good Luck!

Questions? Contact Sharon Hildebrand, Membership Chair at sharbert0501@embarqmail.com

Announcing ASQ Section 1508 (St Petersburg/Tampa) Group on LinkedIn

ASQ Section 1508 (St Petersburg/Tampa) is now part of the well known professional online networking community: **LinkedIn**. With 17 million plus members and growing every day, it has become the best place to establish new contacts, stay connected with business partners & co-workers, and reconnect with old colleagues. Now you can expand your professional network by joining the ASQ St Petersburg/Tampa LinkedIn Group.

LinkedIn Group is a simple way for you to identify yourself as a member of a specific organization on LinkedIn so that other members within your organization can easily find and connect with you via your LinkedIn account. Once you become a member of a particular LinkedIn group, you will have access to identifying other LinkedIn members who are also members of the group to make a new connection.

LinkedIn has a very strict privacy policy, which you can read for yourself using this link http://www.linkedin.com/static?key=privacy_policy&trk=hb_ft_priv. You can join LinkedIn for free by using the link <http://www.linkedin.com/home>

Also, once you become a member of LinkedIn or already a member, you must request to be added to the ASQ St Petersburg/Tampa LinkedIn Group. Only current members of the section will be allowed to join this group. Here is the link to join ASQ St Petersburg/Tampa group on LinkedIn <http://www.linkedin.com/groups?gid=816317>

As with any third party tool, use of LinkedIn is not an endorsement. If you have more questions, please visit the FAQ section on the LinkedIn Groups page. We hope this will enhance your professional networking and career opportunities. For more information, contact Haroon Abbu, Programs Chair, ASQ Section 1508

Quality & Project Management

NOTICE TO ALL MEMBERS PLANNING TO TAKE CERTIFICATION EXAMS

Due to the increased number of members taking exams, the location of the Section 1508 exams will be moved, starting with the December 6, 2008 exams. The location will be moved to:

Jabil, Inc.
10800 Roosevelt Boulevard
St. Petersburg, FL 33716

The Board of Section 1508 gratefully acknowledges the generosity of Sue Dauterman, coordinating the past exam logistics for Conmed Linvatec, as well as Allan Banko, offering the Jabil facilities for future exams.

Quality Technician – Customer

Scope:

Reports to the Quality Leader and is responsible for assisting plant operations in driving overall operational/process improvements as directed by the Quality Leader.

Essential Functions (Responsibilities):

Primary responsibilities will include but are not limited to documenting of all returned material (RMA) from customers, obtaining root cause and corrective action for returned material from responsible areas, communicating with customers on RMA status, assisting production with quality control tasks, and internal ISO 9000 auditing. Will serve as a mentor and focal point for production associates in quality concepts, which will include resolving quality related issues, and developing, implementing and controlling corrective actions, and training. Will also support Quality personnel in defect reduction projects. Will be responsible for assisting plant operations and Design Engineering in driving cost out projects for existing products and supporting the same for new product introductions.

Qualifications/Requirements:

Ability to plan and organize to meet task completion dates.

Computer skills – data entry, database management.

- Excellent attention to detail.
- Solid communication skills, both oral and written.

Ability to learn and implement Quality and Lean Manufacturing concepts, specifically root cause analysis, as well as mentor others.

Must adhere and assist in ensuring adherence to all EHS requirements.

Desired Qualifications/Requirements:

- English or Bilingual language skills desired.
- Education or experience in a manufacturing environment.
- Customer service experience.

Electrical testing experience.

“CERTIFIED QUALITY ENGINEER (CQE) & CERTIFIED SIX SIGMA BLACK BELT (CSSBB) EXAM PREP”

(5 days / 35 hours / 3.5 RU's)

This 35-hour seminar provides a thorough overview of the quantitative method / statistics topics covered in the Bodies of Knowledge (BOK) for both the CQE and CSSBB exams. A complete listing of the topics covered vs. the exam Body of Knowledge paragraphs for each topic is shown on the following page.

Each topic is presented in a practical, easy-to-follow manner that emphasizes the correct application of the tools covered. Participants will be given the opportunity to practice all of the tools during class as well as with optional homework exercises. This program focuses on the quantitative topics since they are the topics most commonly failed by people taking both of these exams. It has been so successful that the pass rate for people taking this course (through 2008) is over 80%, which is double the international pass rate (typically in the low 40% range).

Participants will receive an extensive reference manual (over 900 pages) with all the statistical tables required for the exam (that can be used during the exam), a TI-30XA Scientific calculator that participants will be taught to use during class, and a set of over 500 sample exam questions with an answer key. There are no pre-requisites for the course, but basic high school level algebra is very helpful.

For more details on either certification, including the detailed Body of Knowledge list, or to register to take an ASQ certification exam, please visit www.asq.org and go to the section on “Training & Certification”.

DATES: Wednesday & Thursday, March 4 & 5; Saturday & Monday, April 4 & 6; and Thursday, May 14, 2009

TIMES: 8:30 AM – 4:30 PM

LOCATION: Young - Rainey STAR Center, 7887 Bryan Dairy Road, Largo, Florida (727) 541-8942

ROOM: The Planning Center (1st Floor)

INSTRUCTOR: Dr. Lois A. Jordan, Transformation Technologies, Inc.

COST: \$550.00 for members / \$600 for non-members

NOTE: This is the same course offered by ASQ National (through Dr. Lois Jordan) for \$1420 (plus travel) for ASQ members. It is being provided at this significantly discounted rate exclusively to Florida section members and their colleagues.

DEADLINE FOR REGISTRATION: Friday, February 6, 2009

DEADLINE TO RECEIVE PAYMENT: Wednesday, March 4, 2009 (at the seminar)

An invoice will be e-mailed to you with payment details once the course is confirmed. Please note that payment must be made prior to the start of the seminar either by cash, check, approved corporate Purchase Order or credit card. (Credit card payments can only be made through PayPal.) Cancellations made after Friday, February 6th will require payment of \$150 for late cancellation. You may make substitutions at any time with no penalty.

Payment should be made to: “ASQ Section 1508”. It can be brought to the seminar or mailed to: 9212 Rustic Pines Blvd. West, Seminole, FL 33776. Attention: Glen Cavanaugh, Treasurer (glenc@tampabay.rr.com). Please do NOT send payments to ASQ National in Milwaukee!

For more information or to register for this program, please contact Lois Jordan at:

loisjordan@transformationtech.com • (813) 835-5529
